What do you really like to do...

Our Club is often referred to as a “working club”. Older members remember cleaning the clubhouse, cutting grass, repairing piers, as part of being a member of a “working club”. Through the diligent efforts of many members over the last sixty plus years, our Club has worked its way out of the basement. Some members now have difficulty in finding ways to meet their obligation of working two hours a month on Club’s projects. Some Officers, who have the responsibility to oversee this requirement, find it difficult to “help” Members to find things to do. Each of us has things that we dislike doing however, there are things that we enthusiastically like to do and qualified to do them. To help you and other Members find what they can do for our Club, the Board would like you to fill in this simple questionnaire. Please circle your choices!

1. Do you consider yourself to be **A.** good leader ? or **B.** good follower ?

2. Are you available on **A.** weekends **B.** evenings **C.** weekdays

3. Would you be interested to run for office in the future? **YES** **NO** **MAYBE**
